

PREQUINE®

PREQUINE® LACTAGONASE

Composition

Contains:

Dextrose, Lipoic acid, Linoleic acid

Feed additives per 100 g:

Functional Group:	Id.no.:	Additive:	Amount:
Flavourings		L-Isoleucine	7.300 mg
		L-Leucine	9.750 mg
		L-Valine	7.300 mg
		Vanilla aroma	2.000 mg
		L-Glutamic acid	1.250 mg
Vitamins	3a820	Vitamin B1	2.000 mg
		Vitamin B2/Riboflavin	150 mg
	3a314	Niacin	1.500 mg
	3a841	Calcium-D-pantothenate	1.950 mg
	3a831	Vitamin B6/Pyridoxine hydrochloride	150 mg
		Vitamin B12/Cyanocobalamin	3.000 µg
	3a910	L-Carnitine	150 mg

Analytical substances:

Crude protein	22	%
Crude fibre	< 0,3	%
Crude oil & fats	3,7	%
Crude ash	1,2	%
Moisture	1,1	%
Sodium	37	mg/kg
Magnesium	< 50	mg/kg
Phosphorus	< 25	mg/kg
Calcium	1.420	mg/kg

Characteristics

Complementary feed for horses and camels.

Combination of fatty acids, branched chain amino acids and vitamins, for sport horses in preparation for heavy training or competition. The fatty acids are an additional energy source for horses. L-Isoleucine, L-Leucine and L-Valine are branched chain amino acids used for building, repairing and replacing muscle tissue that is lost or damaged during hard physical work. The B-vitamins, used for energy production in the muscles, reduce lactic acid build up by serving as substrates for enzymes, therefore allowing exercise at a high level for a longer period of time.

Directions for use

Mix with feed.

Dosage: 1 x 35 g a day during 12 days.

Storage

Store dark and dry at 15 – 25°C. Close packaging after each use. Use up within 3 months of opening. Keep out of sight and reach of children.

Presentation

Jar à 420 g.
