

ALU-SPRAY

Composition

Micronesia aluminium.

Characteristics

Soothing spray. Works as an astringent agent, weak antiseptic and protective and is therefore suitable for protection of superficial or surgical wounds.

Dosage and administration

Spray 1 – 2 times a day.

Precautions

Shake well before use.

Avoid contact with skin and clothes, product stains.

Warnings

Protect from sunlight and do not expose to temperatures exceeding 50°C.

Do not pierce or burn. Do not spray on naked flame or any incandescent material. Keep away from sources of ignition.

Storage

Store at 15-25°C.

Keep out of reach of children.

Presentation

200ml aerosol.
